Dear Mr. Weisberg:

Iam in receipt of your letter of Feb. 12, 1967 and it was nice to hear from you. The thing that impresses me most about Kennedy assassination is the immense amount of new material that can be turned up both photographic and otherwise. It irritates me mightily to see that Manchester after two years of research on his books, and turns up with nothing new. He is mainly concerned with making something on it and not with preserving history.

I'll look forward to hearing from you again.

Sincerely yours,
Joseph J. Ricelli
